DETAILED ACTION

1. Applicant's election with traverse of claims 1-81, and 89-93 in the reply filed on 1/21/2005 is acknowledged.
2. Since the applicant has elected Group II, the applicant needs to also elect one the species as indicated in the previous office action. The examiner has again identified the species corresponding to Group II.

Election/Restrictions

3. This application contains claims directed to the following patentably distinct species of the claimed invention: (1) claims 2-5; (2) claims 6,8,10; (3) claims 7,9,11; (4) claim 12; (5) claim 15,17; (6) claim 16,18; (7) claims 22-24; (8) claims 26-33; (9) claims 36-37; (10) claims 42-43; (11) claims 45-49; (12) claims 46-50; (13) claims 59-62; (14) claims 63-67; (15) claims 68-69; (16) claims 70-75; (17) claims 76-81; (18) claims 89-93.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, 1,25 and 21 are generic to certain of the species, there is no claim generic to all species.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim

is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a). **This restriction is final.**
